FAS-FAX:
United States and Canadian Newspapers

Circulation averages for six months ended September 30, 1987

Weekly Newspapers

Preliminary figures as filed with:

Audit Bureau of Circulations
900 N. Meacham Road, Schaumburg, IL 60173-4968

INFORMATION FOR THE USERS OF THIS REPORT

ABC Weekly Newspaper FAS-FAX reports are published semiannually in April and October.

This FAS-FAX report is an exclusive listing of ABC weekly newspaper members in the United States and Canada, the latest circulation figures as filed with the Audit Bureau, and circulation for the comparable period last year. If there is an adjustment of five percent or more between the publisher's figures and the auditor's findings, then the previous year comparison figures shown in FAS-FAX are adjusted to the auditor's findings (indicated by a cross symbol).

Except as noted by the asterisk symbol, all figures are averages for six-month periods. Those identified with the asterisk symbol are averages for three-month periods. The box symbol indicates listings for which figures were not filed at the time this volume was printed. The box symbol also indicates group statement listings for which figures were not available at the time this volume was printed.

Current circulation figures contained in this FAS-FAX report are shown as filed with the Audit Bureau of Circulations for release in regular Publisher's Statements and, like the statement, are subject to audit. Additional detailed information for each listed weekly newspaper is contained in its Publisher's Statement and Audit Report.

INFORMATION FOR THE USERS OF THIS REPORT

ABC Weekly Newspaper FAS-FAX reports are published semiannually in April and October.

This FAS-FAX report is an exclusive listing of ABC weekly newspaper members in the United States and Canada, the latest circulation figures as filed with the Audit Bureau, and circulation for the comparable period last year. If there is an adjustment of five percent or more between the publisher's figures and the auditor's findings, then the previous year comparison figures shown in FAS-FAX are adjusted to the auditor's findings (indicated by a cross symbol).

Except as noted by the asterisk symbol, all figures are averages for six-month periods. Those identified with the asterisk symbol are averages for three-month periods. The box symbol indicates listings for which figures were not filed at the time this volume was printed. The box symbol also indicates group statement listings for which figures were not available at the time this volume was printed.

Current circulation figures contained in this FAS-FAX report are shown as filed with the Audit Bureau of Circulations for release in regular Publisher's Statements and, like the statement, are subject to audit. Additional detailed information for each listed weekly newspaper is contained in its Publisher's Statement and Audit Report.

FAS-FAX:
Canadian Newspapers

Circulation averages for six months ended September 30, 1987

Daily Newspapers

Preliminary figures as filed with:

Audit Bureau of Circulations
900 N. Meacham Road, Schaumburg, IL 60173-4968

INFORMATION FOR THE USERS OF THIS REPORT

ABC Daily Newspaper FAS-FAX reports are published semiannually in April and October and include selected data from regular Publisher's Statements as filed with ABC by publisher members. US and Canadian newspaper data are published in separate volumes.

Circulation figures for most newspapers in this FAS-FAX report are six-month averages. In some cases, the annual audit reporting periods do not coincide with the generally used March 31 and September 30 closing dates and, in these cases, the figures are three-month averages (see note on symbols). Publisher's Statement Not Filed By Press Time indicates that the publisher has not filed their statement prior to the closing date of this issue of FAS-FAX.

As in the case of all data filed with ABC, the data are subject to confirmation by regularly scheduled audits. If there is an adjustment of five percent or more between the publisher's figures and the auditor's findings, then the previous year comparison figures shown in FAS-FAX are adjusted to the auditor's findings. When a newspaper in a competitive market is adjusted under this policy, all other newspapers in the market are adjusted to the actual audit (see note on symbols). Additional detailed information for each listed newspaper is contained in its Publisher's Statement and Audit Report.

City and Retail Trading Zones are market areas defined by the Audit Bureau. Newspaper Designated Market is that geographical area which is considered to be the market served by the newspaper. City Of Publication indicates circulation is reported by corporate city rather than zones or other optional methods. Detailed descriptions of census units comprising each newspaper's market definitions are contained in the regular Publisher's Statements and Audit Reports.

Occupied Households figures (OH's) used in this report are 1986 Census except in certain instances. Previously established estimates have been used where 1986 Census data were not available at the time this report was prepared (see note for symbol). Questions should be directed to Manager, Market Information.

Ratio Circulation/Occupied Households is a mathematical relationship of average paid circulation to occupied households within the designated area.

SYMBOLS

- # Identifies newspaper reporting circulation averages by Newspaper Designated Market. OH's and Ratio Circ/OH's data are applicable to that market designation.
- @ Identifies newspaper reporting circulation averages by City Of Publication. OH's and Ratio Circ/OH's data are applicable to that market designation.
- * Identifies three-month circulation averages (see text above).
- + Identifies adjusted comparison figures (see text above).
- < Identifies household estimate for those markets where 1986 Census data is not yet available (see text above).

FAS-FAX:
United States and Canadian Newspapers

Circulation averages for six months ended September 30, 1987

Weekly Newspapers

Preliminary figures as filed with:

Audit Bureau of Circulations
900 N. Meacham Road, Schaumburg, IL 60173-4968

INFORMATION FOR THE USERS OF THIS REPORT

ABC Weekly Newspaper FAS-FAX reports are published semiannually in April and October.

This FAS-FAX report is an exclusive listing of ABC weekly newspaper members in the United States and Canada, the latest circulation figures as filed with the Audit Bureau, and circulation for the comparable period last year. If there is an adjustment of five percent or more between the publisher's figures and the auditor's findings, then the previous year comparison figures shown in FAS-FAX are adjusted to the auditor's findings (indicated by a cross symbol).

Except as noted by the asterisk symbol, all figures are averages for six-month periods. Those identified with the asterisk symbol are averages for three-month periods. The box symbol indicates listings for which figures were not filed at the time this volume was printed. The box symbol also indicates group statement listings for which figures were not available at the time this volume was printed.

Current circulation figures contained in this FAS-FAX report are shown as filed with the Audit Bureau of Circulations for release in regular Publisher's Statements and, like the statement, are subject to audit. Additional detailed information for each listed weekly newspaper is contained in its Publisher's Statement and Audit Report.
